The boats started very well together, the Arrow, like a shark amongst the minnows, causing many of the first to scurry away at to deal effectively by its own officers with her approach without giving any thoughts

to right-of-way. It was a best up to the Lycemus mark. and the Arrow and Erica suon went to the front into first and second places, which they held all through the race, taking first and second places in turns, and having a set to apart from the rest of the first. Payne, Dolphin, Dart and Ladubird, and a very fine race. She, with her time allowand, except the "Com and Sec. breeze, gave up on the last round. The Lycemun Mark boat was rounded by the Arrow 39 eccunds in front of minutes later by the Dolphin, with Payne, Dart and Ladybird close up and the other usually carrying a spinnaker, rented one the order was Arrow, Erica, Payne, Doiphin, Dart, Ladybird, Stella, Elfin, Cam. She, etc. The wind on the reach to the Dock but y was stronger than at any other | see that proper precautions be part of the course, and the Arrow increased her land of Erica to over two nimutes. being about 7 minutes in front of Payne Bay and rounding the mark boot with a lesd of half a minute. The way the Krica went to windward in the fresh breeze was simply marvellous. The Dolphin and Fayne had a splendid fight up to the markboar, with Dart at d Ladybird happing on to their skirts; She was well in the second flight up to this point, and well within her time of anything but Erica, but in the run and reach down the bigger boats went away from her. After rounding the markboat the Arrow ran into first place' and headed the procession to the tinish, and the line was crossed by the boats as follows :-

It is to be regretted that there should have been any trouble over the prize, esbecially between a large boat like the Arrow and one of the smaller boats. The Brica was disqualified, after sailing a very fine race, and the cup swarded to the Payne.

THE PLAGUE AT MACAO. PROPOSED STOPPAGE OF MANIGEATION TO-

Before commencing the special business for which the Sanitary Board had convened yesterday, some preliminary objections to the notice by Mr F. A. Cooper having been

disposed of. Mr Francis said. Mr President, the first thing I desire to draw your attention to is a letter which I received at 2 30 to-day from the Colonial Becretary, in which he says-'Sir. I am directed to transmit for the information of the Permanent Committee the enclosed reports (in original, to be returned) relative to the epidemic of plague at blacac. -I have the honour to be, &c., J. H. STEWART LOOKHART, Colonial Secretary. Enclosed were the following letters addressed to the Colonial Secretary, - Bis, I have the honour to forward for the information of his Excellency the Governor the enclosed report from Inspector Quincey regarding the plague in Maono. The statement that there has been a large influx of prostitutes from Macao is confirmed from other sources. -I have &c. F. H. Max.' Inspector Quincey's cocived news that the plague in Macao is worse. I am told that the day before resterday over thirty persons died in one brothel in Fuk Sung San Kai. Seven girle out of nine died in one day. Many prostitutes have left Macao and come to Hongkong, and are located in the boarding houses on the Prays .- I have the honour to be &c. W. QUINCEY. The letter of the Colonial Secretary was addressed to me as Chairman of the Permanent Committee, and I think it my duty under the oircumstances to move the Board to apply to the Government, under the provisions of section 31 of the Health Ordininnee, to issue a proclamation, declaring that the colony is threatened with the advent of an epidemie, endemie or contagious disease, and, by the issue of such a proclamation, to put into force sections 32 to 37, and 88 of the Public Health Ordinance. which enables this Board to legislate for and with any epidemic that may arise. The publication of the proclamation now, when the only statement in it will be that the colony is threatened with an upon trade, and it will invest this Board with all the necessary powers and author rities. It seems to me that the re-Erics, at a little afternoon, followed four ports we have had from Holhow, Macao and certain places along the Canton river, and especially this last report of boats at varying intervals.
